ANNEX A — SECOND AMENDED AND RESTATED AGREEMENT AND PLAN OF MERGER	A-1

One Flowerfield, Suite 24
Saint James, New York 11780

Dear Shareholders:

I cordially invite you to the special meeting of shareholders of Gyrodyne Company of America, Inc. (which we refer to as Gyrodyne or the Company), which we will hold at Flowerfield Celebrations, Mills Pond Road, Saint James, New York 11780 on August 20, 2015, at 11:00 a.m., Eastern Time. At the special meeting, which is the postponement of the special meeting originally scheduled to occur in August 2014, we will ask you to authorize the previously announced plan of merger and the transactions contemplated thereby, including the merger of Gyrodyne and Gyrodyne Special Distribution, LLC (which we refer to as GSD) with and into a limited liability company, Gyrodyne, LLC. Shareholders of record at the close of business on June 29, 2015, will be entitled to vote at the special meeting or its adjournment or postponement, if any.

The plan of merger is designed to facilitate the liquidation of Gyrodyne for federal income tax purposes and to effect the conversion of the nontransferable interests in GSD distributed to Gyrodyne shareholders in the first special dividend distributed to Gyrodyne shareholders on December 30, 2013, the nontransferable dividend notes (which we refer to as Dividend Notes) issued in special dividends distributed to Gyrodyne shareholders on January 31, 2014 and December 31, 2014 (and subsequently in respect of paid in kind interest), and the common shares of Gyrodyne into equity interests in Gyrodyne, LLC. This will result in a simplified capital structure and permit the holders of nontransferable GSD and Dividend Notes interests as well as Gyrodyne shareholders to receive freely transferable common shares of Gyrodyne, LLC, and the entity that will hold and operate the Flowerfield, Port Jefferson, Cortlandt Manor and Fairfax properties, pending their sale or other disposition. In essence, having made the first special dividend to achieve the benefits of a 2013 private letter ruling from the IRS and the subsequent special dividends to make a required distribution of 2013 REIT income, the merger will effect the final step in Gyrodyne's plan of liquidation within the meaning of the Internal Revenue Code, while simplifying the corporate structure and interrelationships of Gyrodyne and GSD by reassembling the Gyrodyne and GSD securities as equity interests in Gyrodyne, LLC.

Based on the number of Gyrodyne and GSD securities outstanding on June 29, 2015, the record date, Gyrodyne, LLC expects to issue approximately 1,482,680 common shares of Gyrodyne, LLC in connection with the merger. The common shares of Gyrodyne, LLC are intended to become publicly traded on NASDAQ under the symbol "GYRO." No assurance can be given that NASDAQ will permit trading of the common shares of Gyrodyne, LLC. The merger, which will effect the completion of the plan of liquidation for purposes of the Internal Revenue Code, will result in holders of Gyrodyne common stock receiving approximately 22.6% (335,086 shares) of the common shares of Gyrodyne, LLC in the aggregate (.09 common share of Gyrodyne, LLC per share of Gyrodyne common stock), holders of nontransferable Dividend Notes receiving approximately 30.0% (444,804 shares) of the common shares of Gyrodyne, LLC in the aggregate (.025 common share of Gyrodyne, LLC per \$1.00 principal amount of the Dividend Notes issued in January 2014 and the Dividend Notes issued in December 2014, together, in each case, with any interest thereon paid in kind in the form of additional Dividend Notes), and holders of nontransferable interests in GSD receiving approximately 47.4% (702,790 shares) of the common shares of Gyrodyne, LLC in the aggregate (.47 common share of Gyrodyne, LLC per GSD interest), subject to adjustment in the discretion of the Gyrodyne board of directors. In addition, shareholders will consider such other matters as may properly come before the meeting. Our board of directors believes that the proposal being submitted for shareholder action is in the best interests of Gyrodyne and its shareholders and recommends a vote "FOR" the proposal.

This supplement and the proxy statement/prospectus contain information about the special meeting and will serve as your guide to the matters on which you will be asked to vote. **In particular, you should carefully read the section captioned "Risk Factors" beginning on page 17 of the proxy statement/prospectus for a discussion of certain risk factors relating to the merger.**

Your vote is very important to us and it is important that your shares be represented at the special meeting. The plan of merger and the transactions contemplated thereby cannot be completed unless shareholders of at least two-thirds of all outstanding shares of Gyrodyne common stock entitled to vote thereon vote in favor of such proposal. If you previously voted by submitting a proxy card or voting instruction card, that proxy card is no longer valid and your stock represented thereby will not be voted at the Special Meeting. Accordingly, whether or not you plan to attend the special meeting, I encourage you to promptly vote your shares by proxy by following the instructions beginning on page 2 of this supplement. If you are able to attend the meeting and wish to vote in person, you may withdraw your proxy at that time.

If you have any questions or need assistance voting your shares of Gyrodyne common stock, please call MacKenzie Partners, Inc., our proxy solicitor, toll-free at 1-800-322-2885.

Thank you for your continued support of Gyrodyne. I look forward to seeing you at the meeting.

Sincerely,

Frederick C. Braun III
President and Chief Executive Officer

SUPPLEMENT OVERVIEW

This supplement provides certain supplemental information to the proxy statement/prospectus, dated July 1, 2014 and first mailed to shareholders on or about July 2, 2014, which is the proxy statement of Gyrodyne Company of America, Inc. for the special meeting and also the prospectus of Gyrodyne, LLC for the common shares representing limited liability company interests in Gyrodyne, LLC to be issued to Gyrodyne shareholders, holders of nontransferable dividend notes and holders of nontransferable interests in Gyrodyne Special Distribution, LLC, in connection with the merger, if it is implemented. Terms used and not otherwise defined in this supplement have the respective meanings ascribed to such terms in the proxy statement/prospectus.

This supplement does not change the proposal to be acted upon at the Special Meeting, which is described in the proxy statement/prospectus.

THE SPECIAL MEETING

Date, Time and Place

The postponed special meeting will be held at Flowerfield Celebrations, Mills Pond Road, Saint James, New York 11780 on August 20, 2015, at 11:00 a.m., Eastern Time.

Purpose

At the special meeting, shareholders will be asked to consider and vote upon the proposal to authorize a proposed Plan of Merger and the transactions contemplated thereby under the New York Business Corporation Law, including the merger of Gyrodyne and GSD into Gyrodyne, LLC (the "Proposal"), and to transact such other business as may properly come before the special meeting or any adjournment thereof.

Record Date; Stock Entitled to Vote; Quorum

All shareholders who hold shares of Gyrodyne common stock of record at the close of business on June 29, 2015 (the "record date") are entitled to notice of and to vote at the special meeting. Each share of Gyrodyne common stock issued and outstanding on the record date is entitled to one vote at the special meeting on the proposal presented. Shareholders do not have cumulative voting rights. A quorum will be present at the special meeting if a majority of the outstanding shares of Gyrodyne common stock entitled to vote at the special meeting are represented in person or by proxy.

On the record date, 3,706,700 shares of Gyrodyne common stock were issued and outstanding and held by approximately 1,850 holders of record. On such date, 170,452 shares of Gyrodyne common stock were held by our directors, executive officers and their affiliates. This supplement and the enclosed proxy card were mailed starting on or about July 1, 2015.

Vote Required

An affirmative vote of the holders of at least two-thirds of all outstanding shares of Gyrodyne common stock entitled to vote thereon is required to authorize the Proposal. If you abstain from voting, your abstention will have the same effect as an "Against" vote for purposes of determining whether approval of the Proposal has been obtained. In such cases, broker non-votes also will have the same effect as an "Against" vote.

How to Vote

In order to make it convenient for you to vote, a proxy card is enclosed for your use. You also may vote by telephone (1-866-894-0535) or Internet (www.proxyvoting.com/gyro). If you have any questions or need a copy of the proxy statement/prospectus, please call our proxy solicitor, MacKenzie Partners, Inc., at (800) 322-2885.

If you previously voted by submitting a proxy card or voting instruction card, that proxy card is no longer valid and your stock represented thereby will not be voted at the Special Meeting in accordance with your instructions. In order to vote your stock you must submit the proxy card or voting instruction card included with this supplement (or vote via telephone or Internet as described above).

If you submit a proxy card or voting instruction card and thereafter would like to change your vote, you may revoke or change your proxy at any time before the proxy is voted at the special meeting by (1) sending a written notice of revocation of the proxy to our Corporate Secretary at One Flowerfield, Suite 24, Saint James, New York 11780, (2) properly delivering a subsequently dated proxy, or (3) voting in person at the special meeting. Please note that to be effective, your new proxy card or written notice of revocation must be received by the Corporate Secretary prior to the special meeting.

Why is your vote important?

As detailed in the proxy statement/prospectus previously mailed to you, authorization of the merger transaction would enable certain advantageous outcomes for our shareholders, including:

- Liquidity — holders of nontransferable GSD interests and nontransferable Dividend Notes as well as the Company's shareholders will receive freely transferable common shares of Gyrodyne, LLC, and the entity that will hold and operate the Flowerfield, Port Jefferson, Cortlandt Manor and Fairfax properties, pending their sale or other disposition. The Company's current market capitalization is approximately \$10.8 million, and the float of Gyrodyne, LLC would be expected to be some variable of the Company's intrinsic value of \$46.6 million, which represents the net assets in liquidation per the Unaudited Pro Forma Condensed Consolidated Statement Of Net Assets as of March 31, 2015, thus improving the overall marketability of your shares. We expect the market may adjust to reflect the present value of future distributions and the perceived achievable sales value of our real estate and costs through liquidation.
- Tax Treatment of Prior Distributions — if the merger is approved and consummated within 24 months after September 12, 2013, the date of adoption of the tax plan of liquidation, the prior special dividends will continue to be recognized as liquidating distributions of the Company, thereby allowing U.S. holders to recover their basis in their shares prior to recognizing any portion of the special dividends as income; if, however, the merger is not approved, there is uncertainty as to the treatment of both U.S. holders and the Company. It is likely that the prior special dividends would be fully taxable, likely ordinary, dividends to such U.S. holders and the Company may be subject to certain IRS penalties.
- Organization Simplicity — facilitating the Company's liquidation for federal income tax purposes and reassembling as equity interests in Gyrodyne, LLC, the GSD interests, the Company's Dividend Notes and the Company's common shares, simplifying the capital structure and the corporate structure and the interrelationships of the Company and GSD, thereby reducing complexity, management distraction, and administrative and professional costs of the consolidated entities.

The board unanimously recommends that shareholders vote FOR the proposal authorizing the merger transaction.

ADDITIONAL DEVELOPMENTS

The Special Meeting

On July 2, 2014, the Company mailed the initial notice of the Special Meeting. On August 12, 2014, the Company announced a postponement of the Special Meeting until August 27, 2014. On August 25, 2014, the Company announced that the Special Meeting had been further postponed and that the Company intended to hold the Special Meeting coextensively with the Company's 2014 Annual Meeting of Stockholders. On November 4, 2014, the Company announced that:

its board of directors has voted to postpone the special meeting of shareholders until the first half of 2015 at which shareholders will be asked to authorize the previously announced merger of Gyrodyne and Gyrodyne Special Distribution, LLC into Gyrodyne, LLC. With approximately 45% of the outstanding shares voted thus far by delivery of proxy cards, approximately 97% of such shares have been voted in favor of the merger. Despite the overwhelming percentage of received votes in favor of the merger, not enough shares have been voted to reach the two-thirds majority needed under New York law. Gyrodyne and its advisors will continue to analyze potential options in the best interests of Gyrodyne and its shareholders, which may include enhancements designed to facilitate the ability to complete the merger transaction.

On June 22, 2015, the Company announced the previously postponed Special Meeting would be held on August 20, 2015 and that the board of directors had established the close of business on June 29, 2015 as the record date for determining shareholders entitled to receive notice of and vote at the special meeting

The Rights Offering

On March 6, 2015, the Company filed a registration statement on Form S-1 with the SEC for a rights offering to the Company's existing shareholders. The Company announced that it planned to make the rights offering through the distribution of non-transferable subscription rights to purchase shares of Company common stock at a subscription price to be determined and subject to certain aggregate ownership limitations. The Company stated it planned to commence the rights offering to facilitate the vote of two-thirds of the outstanding shares needed under New York law to approve the merger, as well as raise equity capital in a timely and cost-effective manner while providing all of the Company's shareholders the opportunity to participate. On April 27, 2015, the Company announced that it had set May 6, 2015 as the record date for its previously announced rights offering, which subsequently commenced on May 19, 2015, with the subscription price of \$2.75 per share.

On June 22, 2015, the Company announced the successful completion of the rights offering, which expired on June 17, 2015, at 5:00 p.m. New York City time. On June 26, 2015, the Company announced that 7,044,894 shares were subscribed for in the rights offering, consisting of 1,009,376 shares under the basic subscription privilege and 6,035,518 shares under the oversubscription privilege. Based on the maximum 2,224,020 shares that were issuable in the rights offering, 1,214,644 shares were allocated to Gyrodyne's shareholders who properly exercised their oversubscription privilege, pro rata in proportion to the aggregate number of shares subscribed for under the over-subscription privilege, or 20.12499% of each oversubscriber's requested shares. As a result of the rights offering, the number of outstanding shares of Gyrodyne's common stock increased by 2,224,020 shares to 3,706,700. The Company received the maximum \$6,116,055 sales proceeds from the rights offering, with estimated net proceeds of approximately \$5,606,000.

The Revised Merger Allocations

At board meetings on January 16, 2015, April 16, 2015 and April 24, 2015, the board considered potential revisions to the original merger allocations. On April 27, 2015, the Company announced the revised merger allocations, which were determined by the board of directors on April 24, 2015.

In determining the revised merger allocations, the board adhered to the fundamental allocation principles used when the merger was first proposed. Such principles had included valuing the Gyrodyne common stock at net book value, the Dividend Notes at face value and the GSD interests at "fair value" as determined by the board at the time of the First Distribution. The board determined to adjust such original

allocations to reflect the assumed net proceeds of the Rights Offering (\$5,606,000), the decrease in Gyrodyne's net book value from \$8,450,000 to \$7,652,000 (mainly adjusted for the dividend distribution on December 31, 2014 of \$682,033), the increase in the value of the Dividend Notes due to the payment of accrued interest in additional Dividend Notes (\$1,104,927) and the issuance of additional Dividend Notes (\$682,033) to satisfy a required dividend to holders of Gyrodyne common stock with respect to the Company's undistributed 2013 REIT taxable income, and a decrease in the "fair value" of GSD based mainly on the \$3,329,517 aggregate increased amount of borrowings by GSD from Gyrodyne in order to fund GSD's operations during 2014 (GSD had no other source of liquidity).

In evaluating the allocation to the Dividend Notes and the GSD interests, the board noted that, although the holders of the Dividend Notes and the GSD interests were not represented by independent negotiators, it was aware of the legal rights of the Dividend Notes as debt instruments of Gyrodyne and the nature of the contractual and fiduciary duties of Gyrodyne to GSD as its managing member, with legal authority to negotiate the merger allocations on behalf of the GSD interests.

In determining the revised merger allocations, the board also considered other factors, including:

- that the merger would (i) eliminate the underlying debt of Gyrodyne by redeeming the Dividend Notes in exchange for Gyrodyne, LLC equity in the merger, (ii) simplify the operational complexities inherent in the current structure of Gyrodyne and GSD, (iii) reduce accounting and organizational costs and (iv) provide Gyrodyne shareholders possible greater share liquidity as a result of Gyrodyne, LLC's larger size and broader shareholder base.
- the potential increase in the value of Gyrodyne's common stock if the underlying net realized value of the GSD properties following the merger exceeded the values used in computing the revised merger allocations.
- the possible impact to the value of Gyrodyne in the event the Rights Offering and the merger were not consummated, including the potential realizable value if Gyrodyne were liquidated. Gyrodyne's net equity at December 31, 2014, less potential pension liabilities and liquidation costs, resulted in a hypothetical liquidation value of \$3.41 per share, although it was noted that there existed a significant possibility of higher liquidation costs and lower asset realizations which would make achievement of such liquidation value difficult. (Gyrodyne notes that, given completion of the Rights Offering, such calculated hypothetical liquidation value is no longer relevant.)
- the effects on Gyrodyne's pre-merger public market value reflecting a successful Rights Offering under varying subscription prices. In one such scenario, based on the April 22, 2015 closing price of \$4.50 per share and assuming a \$2.75 per share exercise price and full take-up of the Rights Offering, a theoretical ex-rights market price ("TERP") of \$3.31 was calculated. As a result of significant changes in Gyrodyne's market price since the announcement of the Rights Offering, TERP values changed dramatically such that TERP was not necessarily a reliable predictor of the post-Rights Offering stock value. (As of June 23, 2015, the first trading day after announcement of the completion of the Rights Offering, the closing price of Gyrodyne stock was in fact \$3.01 per share.)

In its April 24, 2015 meeting, the board determined that the merger continued to offer the best available alternative to the holders of Gyrodyne common stock and that the revised merger allocations were appropriate and consistent with the fundamental allocation principles used when the merger was first proposed.

Second Amended and Restated Agreement and Plan of Merger

On June 26, 2015, Gyrodyne, Gyrodyne, LLC and GSD entered into a Second Amended and Restated Agreement and Plan of Merger (the "Merger Agreement"). The Merger Agreement, which provides for the merger of Gyrodyne and GSD into Gyrodyne, LLC, was amended to reflect the revised merger allocations. A vote of two-thirds of the outstanding shares of Gyrodyne is required to authorize the merger.

The Merger Agreement provides that: holders of common stock of Gyrodyne will receive approximately 22.6% of the common equity interests in Gyrodyne, LLC in the aggregate; holders of the nontransferable Dividend Notes issued in January 2014 (\$16,150,000 initial principal amount) and in December 2014 (\$682,033 initial principal amount), together, in each case, with any interest thereon paid in kind in the form of additional Dividend Notes, would receive approximately 30.0% of the common equity interests in Gyrodyne, LLC in the aggregate; and holders of shares of GSD would receive approximately 47.4% of the common equity interests of Gyrodyne, LLC in the aggregate.

Gyrodyne, as managing member of GSD and Gyrodyne LLC, already has approved the merger transaction and will have the sole discretion to approve any subsequent amendments or modifications to such transaction on behalf of such entities. The Merger Agreement contains certain conditions to closing in addition to authorization of the merger by two-thirds of the outstanding shares of the Company, including, among other things, effectiveness of a registration statement regarding the Gyrodyne LLC common shares, receipt of third party consents and holders of not more than 5% of the Company's common stock exercising appraisal rights under New York law. (See "*Appraisal Rights*" below)

The foregoing description of the merger and Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Merger Agreement, a copy of which is attached hereto as Annex A and is incorporated herein by reference.

Appraisal Rights

Holders of shares of Gyrodyne common stock who do not vote in favor of the proposal to authorize the plan of merger and who timely dissent and follow precisely the procedures in Sections 623 and 910 of the New York Business Corporation Law (see Annex E to the proxy statement/prospectus) will have certain rights to demand payment for the "fair value" of their shares of common stock. No appraisal or dissenters' rights are available to holders of GSD Interests or Dividend Notes in connection with the plan of merger.

Any Dissenting Holder must file a written objection to the proposal with Gyrodyne before the special meeting, or at the special meeting but before the vote on the Plan of Merger is taken. The written objection must include (i) a notice of the holder's election to dissent, (ii) the holder's name and residence address, (iii) the number of shares of Common Stock as to which the holder dissents, and (iv) a demand for payment of the fair value of the holder's shares of Common Stock if the Plan of Merger is authorized and implemented. An objection is not required from any Dissenting Holder to whom Gyrodyne did not give notice of the special meeting in accordance with the New York Business Corporation Law. Any written objection must be addressed to Gyrodyne Company of America, Inc., One Flowerfield, Suite 24, Saint James, New York 11780, Attention: Corporate Secretary. (See "*The Proposal — The Plan of Merger — Statutory Appraisal Rights to Transactions Contemplated by the Plan of Merger*" and "*Statutory Appraisal Rights to Transactions Contemplated by the Proposal*" in the proxy statement/prospectus.)

UPDATED FINANCIAL INFORMATION

Updated Unaudited Pro Forma Consolidated Financial Information

Set forth below is updated unaudited pro forma consolidated financial information, which is presented on the same basis as the equivalent data is presented in the proxy statement/prospectus, except as may be indicated otherwise. Such financial information should be read in conjunction with the historical financial statements of Gyrodyne and the notes thereto as included in the proxy statement/prospectus and subsequent filings with the SEC. (See “*Additional Information and Where to Find It*” on page 22 of this supplement)

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL INFORMATION

Under accounting principles generally accepted in the U.S., under the Plan of Liquidation, we expect that the merger will be accounted for under the liquidation basis of accounting whereby Gyrodyne, LLC’s consolidated assets will be stated at their estimated net realizable value and consolidated liabilities, including those estimated costs associated with implementing the Plan of Liquidation, will be stated at their estimated settlement amounts. Accordingly, the consolidated financial statements of Gyrodyne, LLC immediately following the merger will be substantially different compared to the consolidated financial statements of Gyrodyne immediately prior to the merger.

Comparative Historical Per Share Data and Pro Forma Net Assets Per Share Data

The following tables set forth selected historical per share data for Gyrodyne and selected unaudited pro forma per share data after giving effect to the merger. In addition, taking into account on a pro forma basis the effect of the merger and the Plan of Liquidation, the consolidated financial statements of Gyrodyne, LLC after the merger will not be identical to those of Gyrodyne prior to the merger. Since the condensed consolidated financial statements of Gyrodyne, LLC will be substantially different compared to those of Gyrodyne, the unaudited pro forma condensed consolidated financial information is presented for informational purposes only and are subject to a number of estimates, assumptions and uncertainties and do not purport to represent what our statement of net assets and statement of changes in net assets would have been if the transactions had occurred as of the dates indicated, or what such results will be for any future periods. The unaudited pro forma condensed consolidated financial information is based on certain assumptions, which are described in the accompanying notes and which management believes are reasonable.

Three Months Ended March 31, 2015

- (a) The relevant accounting guidance emphasizes that fair-value is a market-based measurement, not an entity-specific measurement. Therefore, a fair-value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair-value measurements, the guidance establishes a fair-value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity’s own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy). In instances where the determination of the fair-value measurement is based on inputs from different levels of the fair-value hierarchy, the level in the fair-value hierarchy within which the entire fair-value measurement falls is based on the lowest level input that is significant to the fair-value measurement in its entirety. Our assessment of the significance of a particular input to the fair-value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.
- (b) All other assets and liabilities under US GAAP were determined to approximate liquidation value.

The below tables reflect pro forma financial statements in a financial reporting format for companies who are not in a plan of liquidation. The column titled “pro forma adjustments” reflect the adjustments necessary under the merger and to adopt the liquidation basis of accounting. Furthermore, the related notes provide further detail of the related adjustment. The tables and related notes will present the impact on historical reporting from the merger. Following the merger, the Company’s financial statements will be the Statement of Net Assets and Statement of Changes in Net Assets.

**Notes to Unaudited Pro Forma Condensed Consolidated Balance Sheet
December 31, 2014**

(a)	Total Real Estate, net The fair value of the real estate was determined by a combination of self-contained appraisals prepared by a national valuation company that specializes in real estate and management's expertise in real estate. The valuation methodology on our income producing real estate was an income capitalization approach based on current rent rolls, lease expiration dates, renewal rates and assumed vacancy rates and capitalization rates. The capitalization rates ranged from 7.5% to 9.5% depending on the property and its location. With respect to our undeveloped real property and the Flowerfield Industrial Park, we relied upon a market value approach. In addition, the Company relied upon management's internal valuation based on discounted cash flows which utilized its own values and metrics under the aforementioned assumptions.	<u>\$ 10,088,051</u>
(b)	Deferred Rent Receivable Under US GAAP deferred rent has no fair value	<u>\$ (334,914)</u>
(c)	Prepaid Expenses and Other Assets Capitalized fees related to the Dividend Notes payable Under US GAAP deferred leasing costs have no net realizable value Under US GAAP deferred leasing costs and capitalized fees related to unassignable loans have no net realizable value	<u>\$ (58,077)</u> <u>(434,385)</u> <u>\$ (492,462)</u>
(d)	Accrued Liabilities Accrued interest on the Dividend Notes which under the merger are assumed to be converted into shares of Gyrodyne, LLC	<u>\$ 34,871</u>
(e)	Pension Costs Pension liability was a GAAP measurement based on the actuarial reports of a going concern. The Company decided to terminate the pension plan in late 2013 and received the IRS clearance letter in May 2015. Based on the results of the actuarial computations including the impact of the decrease in the IRS discount rate for 2014, the Company increased the liability to reflect the expected funding requirements to complete the liquidation and satisfy the related lump sum elections and or the purchase of annuities assuming such funding occurs prior to the merger	<u>\$ (694,187)</u>
(f)	Estimated liquidation and operating costs net of receipts The estimated final liquidation costs are based on a multi-year financial model incorporating the operating results and liquidation and dissolution costs through December 31, 2016, the estimated date of completing the business liquidation and dissolution of the Company. Methodologies on the income approach include forecasting income based on lease expiration dates, annual contracted rent escalations, renewal assumptions and the timing on the sale of properties.	<u>\$ (3,062,170)</u>
(g)	Dividend Notes Payable Under the merger, the Dividend Notes are assumed to be converted into shares of Gyrodyne, LLC	<u>\$ 17,533,210</u>
(h)	Balance of Undistributed Income Net impact on equity of above adjustment	<u>\$ 23,072,399</u>

Under the liquidation basis of accounting the consolidated financial statements are no longer presented (except for periods prior to the adoption of the liquidation basis of accounting): a consolidated balance sheet, a consolidated statement of operations and a consolidated statement of cash flows. The consolidated statement of net assets and the consolidated statement of changes in net assets are the principal financial statements presented under the liquidation basis of accounting. Under the liquidation basis of accounting, all of Gyrodyne, LLC and Subsidiaries' assets have been stated at their estimated net realizable value and are based on estimates and other indications of sales value net of estimated selling costs. All liabilities of the Gyrodyne, LLC and Subsidiaries, including those estimated costs associated with implementing the Plan of Liquidation, have been stated at their estimated settlement amounts. These amounts are presented in the pro forma condensed consolidated statement of net assets. There can be no assurance that these estimated values will be realized. Such amounts should not be taken as an indication of the timing or amount of future distributions or our actual dissolution. The valuation of assets at their net realizable value and liabilities at their anticipated settlement amount represent estimates, based on present facts and circumstances, of the net realizable value of the assets and the costs associated with carrying out the Plan of Liquidation. The actual values and costs associated with carrying out the Plan of Liquidation are expected to differ from amounts reflected in the pro forma condensed consolidated financial statements because of the plan's inherent uncertainty. These differences may be material. In particular, the estimates of our costs will vary with the length of time necessary to complete the Plan of Liquidation. Accordingly, it is not possible to predict with certainty the timing or aggregate amount which may ultimately be distributed to stockholders and no assurance can be given that the distributions will equal or exceed the estimate presented in the pro forma condensed consolidated statement of net assets in liquidation.

If one or more properties are sold in excess of the appraised value, the Bonus Pool will be funded with incremental funds at the rates described on page 36 of the proxy statement/prospectus. In such event, the excess of sales price over the appraised value (less selling costs and the incremental payment to the bonus pool) will increase the amount payable to equityholders.

Litigation

Putative Class Action Lawsuit

On July 3, 2014, a purported stockholder of the Company filed a putative class action lawsuit against the Company and members of its board of directors (the “Individual Defendants”), and against GSD and

Gyrodyne, LLC (collectively, the “Defendants”), in the Supreme Court of the State of New York, County of Suffolk (the “Court”), captioned *Cashstream Fund v. Paul L. Lamb, et al.*, Index No. 065134/2014 (the “Action”). The complaint alleges, among other things, that (i) the Individual Defendants breached their fiduciary duties or aided and abetted the breach of those duties in connection with the merger and (ii) the Company and the Individual Defendants breached their fiduciary duties by failing to disclose material information in the proxy statement/prospectus. The plaintiff seeks, among other things, injunctive relief enjoining the merger, requiring corrective disclosures in the proxy statement/prospectus, damages in an unspecified amount. On July 17, 2014, the Court signed an Order to Show Cause submitted by the plaintiff setting a return date of August 5, 2014 on plaintiff’s motion for an order (a) preliminarily enjoining consummation of the merger and (b) granting expedited discovery. The plaintiff subsequently withdrew its motion without prejudice and the Court scheduled a preliminary conference in the case for October 20, 2014, which has been adjourned until September 14, 2015. The Defendants believe the lawsuit is without merit.

During the first quarter of 2015, the Company became aware that various aspects of the plaintiff’s claims in the Action were interfering with the proposed sale of certain of the Company’s real properties. The Company sought to eliminate the issues created by the pending action that are impeding the sale of such properties. As a result of this interference in the sale process, however, the Company believed that it no longer met the requirements for such assets and liabilities to qualify as assets and liabilities as held for sale and discontinued operations and therefore did not report discontinued operations for the three months ended March 31, 2015.

In June 2015, a proposed stipulation and order, which is pending approval by the Court as of the date of this supplement, was entered into with plaintiff, pursuant to which plaintiff agrees not to seek to rescind any sales of the properties in consideration for the Company’s agreement that such sales would be (a) at a price resulting from arms’ length negotiation and at or above the most recent appraisal of such properties obtained by the Company, (b) on such terms and conditions as are deemed fair and reasonable by GSD’s Managing Member, and (c) as evidenced by such instruments and agreements executed pursuant to such authority, provided that plaintiff’s counsel would be provided with at least thirty (30) days’ written notice of each such pending sale, including a description of the property to be sold, the proposed sale price, identification of the appraiser of such property and the date of such appraisal. If the proposed stipulation and order is approved by the Court, the Company will reassess whether the properties should be reported as discontinued operations from and after such date.

As stated above, the Defendants believe the lawsuit is without merit. The Company intends to vigorously defend the Action.

 - 7.2 Legal Enforceability. In case any provision of this Plan of Merger is fully or in part invalid or unenforceable, the validity and enforceability of the other provisions of this Plan of Merger shall

not be affected thereby. The invalid or unenforceable provision will then be considered replaced by a valid and enforceable provision, which comes as close as possible to the economic purpose intended by the invalid or unenforceable provision.

- 7.3 Amendment. To the fullest extent permitted by applicable law, this Plan of Merger may be amended by the parties hereto at any time prior to the Effective Time, notwithstanding any approval of this Plan of Merger by the shareholders of Gyrodyne, the sole member of Gyrodyne, LLC or the managing member of GSD.
